Thanks Francois,

I certainly hope that during these negotiations we are also gathering evidence in order for Fire Services to lay charges!

Good morning.

At 0200hrs I was informed by 'Patrick' from Lafleur De la Capitale that they were contracted at 2300hrs to remove all structures and gas containers in Confederation Park immediately. I was advised that a hazardous waste tanker attended the site and employees were told by occupiers to leave right away.

The park is still occupied as the group has not vacated the area.

I have serious concerns about any removal of gas cylinders or structures from the park tonight. I have insufficient officers to ensure that this is done safely and any overt action tonight in Confederation Park will lead to violence. I contacted the NCC emergency line, however the call-taker could not provide me with the individual on call.

It would be unsafe to attend and remove any items from the park tonight. A robust plan with the assistance of our service and Public Order Unit(s) would be required if the park is occupied.

I strongly recommended that the Lafleur contractors reconsider attending the park tonight and contact the NCC for further direction.

Please contact us to ensure officers are prepared to assist with securing the park.
